

CUMULATIVE SUBJECT INDEX

VOLUME 6

* Indicates Original Article

ABORTION

- psychiatry in prenatal care and the problem of abortion, 262

ACCIDENTS

- accidents, childhood's greatest physical threat, are preventable, 103

ACIDOSIS

- acidosis and its therapeutic value in the treatment of psychotics, a preliminary report, 116

ACTH

- acute psychosis developing during therapy with ACTH, 225
- and cortisone, reference, 117
- eosinophil response to ACTH in the manic phase of manic depressive psychosis, 24

ADRENALS

- hormones of the sympathetic nervous system and the adrenal medulla, 130

cortex:

- hypoadrenocorticism in alcoholism and drug addiction, 90
- myasthenia gravis associated with adrenocortical insufficiency, report of a case with post-mortem findings and a review of the literature, 135

AEROSOLS

- treatment of migraine and certain resistant headaches with aerosols of ergotamine tartrate and novocain, 147

AFFECTIVE DISORDERS

- nonconvulsive electric stimulation therapy, its place in the treatment of affective disorders, with notes on the reciprocal relationship of anxiety and depression, 30

AGING—See Old Age.

ALCOHOLISM

- alcoholism in industry, 89
- hypoadrenocorticism in alcoholism and drug addiction, 90
- problem of the alcoholic, 88
- treatment—See also Antabuse.
 - thiopental U. S. P. (pentothal) treatment of alcoholism, 4
 - treatment of alcoholism with tetraethylthiuram disulfide with observations on the effects of group reaction tests and of test witnessing, 89

ALLERGY

- marital adjustments in the parents of allergic children, 100

AMINO ACIDS

- some studies of the amino acids in body fluids in patients with various forms of mental disease by paper partition chromatography, 91

AMINOBUTYRIC ACID

- occurrence of free γ -aminobutyric acid in brain and its formation from L-glutamic acid, 102

AMYGDALECTOMY

- amygdaloidectomy for the suppression of auditory hallucinations, a preliminary report of a theory and its application in one case, 275

AMYOTROPHIC LATERAL SCLEROSIS

- tabes and amyotrophic lateral sclerosis, 227

ANEMIA

pernicious:

- effect of vitamin B₁₂ on neuropathy in pernicious anemia treated with folic acid, 59

ANOREXIA NERVOSA

- anorexia nervosa, a clinical psychiatric study, 4

ANGER

- mood, anger and somatic dysfunction, 179

ANNOUNCEMENTS

- appointment of Dr. Percival Bailey as director of the Illinois Neuropsychiatric Institute in Chicago, 239
- first International Congress of Psychiatry, 81
- new publications:
 - International Journal of Group Psychotherapy, 239
 - Journal of Neuropathology and Clinical Neurology, 71
 - Neurology, official publication of the American Academy of Neurology, 81

ANTABUSE

- psychotic reactions during tetraethylthiuram disulfide therapy, 253
- therapeutic results and clinical manifestations following the use of tetraethylthiuram disulfide (antabuse), 253

ANESTHESIA

- psychological approach in anesthesia, 263

ANTIBIOTICS—See Bacitracin; Streptomycin.

ANXIETY NEUROSIS

- evaluation of psychotherapy with a follow-up study of 62 cases of anxiety neurosis, 269

AORTA

aneurysm:

- neurologic manifestations associated with dissecting aneurysm of the aorta, 35

ARMY

rejectees:

- study of neuropsychiatric rejectees, 170

ARTANE

- lysivane and artane in the treatment of parkinsonism, 228

ASTHMA

- psychophysiologic relationship of asthma and urticaria to mental illness, 184

AUTOMATISM

- psychologic automatisms, 114

AUTONOMIC RESPONSES

- investigation of autonomic responses in psychopathic personalities, 8

BACITRACIN

- further experiences in the treatment of septic meningitis with bacitracin, 61

BACKACHE

- headache related to low back pain, 133

BARBITURATES

- psychological effects of chronic barbiturate intoxication, 252

BENADRYL

- influence of Benadryl upon electro-

myographic recordings in Parkinsonism, 279

BLOOD

chemistry:

- electrophoretic study of plasma and serum proteins in anterior poliomyelitis, 287
- isolation from the blood of chronic schizophrenic patients of compounds active in radioactive phosphate turnover, 91
- on serum copper in patients with schizophrenia, 90

BLOOD PRESSURE

- characteristics of arterial tension in multiple sclerosis, 50

high—*See Hypertension.*

BLOOD SERUM—*See Blood.*

BODY BUILD

- body build, personality and neurosis in women, 10

BOOK REVIEWS

- Brain and personality, 238
- Carbon dioxide therapy, a neuropsychiatric treatment of nervous disorders, 73
- Cerebral circulation in health and disease, 73
- Cerebral cortex of man, 229
- Children in conflict, 69
- Children with mental and physical handicaps, 70
- Clinical electroencephalography, 77
- Clinical studies in psychoanalysis, 150
- Counselling the handicapped in the rehabilitation process, 236
- Current therapy 1950, 65
- Current therapy 1951, 231
- Current trends in the relation of psychology to medicine, 68
- Diagnosis and treatment of brain tumors and care of the neurosurgical patient, 230
- Essay on the cerebral cortex, 291
- Feelings and emotions, 234
- Freud dictionary of psychoanalysis, 70
- General theory of neuroses, 294
- Gestaltpsychologie, 78
- Health and human relations in Germany, 150
- Hypnotherapy of war neuroses. A clinical psychologist's casebook, 233
- Image and appearance of the human body: studies in the constructive energies of the psyche, 150
- In defense of mothers, 232
- Introduction of psychosomatic medicine, 72
- Medical psychology, 151
- Neurosis and psychosis, 76
- Neurotic counterfeit-sex: impotence, frigidity, "mechanical" and pseudosexuality, 232
- "Oneirophrenia" the confusional state, 75
- Origin of medical terms, 68
- Outside readings in psychology, 235
- Personality in peptic ulcer, 72
- Principles of intensive psychotherapy, 64

- Problems in cerebellar physiology, 294
- Proceedings of the first clinical ACTH conference, 66
- Psychiatric aspects of juvenile delinquency, 293
- Psychoanalytic study of the child, volumes III-IV, 71
- Psychologist in industry, 77
- Rorschach: introductory manual, 237
- Scientific medical and technical books (1945-48), 67
- Sex in psychoanalysis, 70
- Sexual perversions and abnormalities. A study of the psychology of paraphilia, 234
- Simmonds' disease: extreme insufficiency of the adenohypophysis, 79
- Soviet psychiatry, 295
- Studies in lobotomy, 66
- Writer (The) and psychoanalysis, 292

BRAIN

- derivatives of thalamus dorsalis and epithalamus in the human brain, their relation to cortical and other centers, 210
- influence of the thyroid on cerebral metabolism, 209
- disintegration of motor function resulting from cerebral lesions, 42
- occurrence of free γ -aminobutyric acid in brain and its formation from L-glutamic acid, 102
- atrophy:
 - reversible cerebral atrophy, 278
- circulation:
 - cerebral circulation in postencephalic paralysis agitans, 136
- diseases—*See also Encephalopathy.*
 - cerebral disorders in infants and children in Djakarta, 222
- enzymes:
 - report on the current status of an attempt to correlate abnormality of one brain enzyme with mental dysfunction, 40
- hemorrhage—*See also Hematoma, subdural.*
 - subarachnoid hemorrhage and hemiplegia, 132
- injuries—*See also Concussion, cerebral.*
 - disability caused by brain wounds, 286
 - post-traumatic chiasm syndrome with intracranial pneumatocele, 207
 - study of 62 cases of cerebromeningeal lesions followed up during early childhood, 220
- surgery—*See also Leucotomy; Lobotomy.*
 - principles and applications of stereoencephalotomy, 57
- tumors—*See also Glioma, Meningioma.*
 - filling of subarachnoid spaces over the convexity in encephalograms of normal and tumor cases, 145
 - tumours of the brain, occipital lobe, their signs and symptoms, 223

BRAIN WAVES—*See Electroencephalography.*

BROMIDES

- comparison of decamethonian bromide

- (C 10) and d-tubocurarine as preventives of traumatic complications in electroshock therapy, 270
- CARBON DIOXIDE**
- central nervous system changes resulting from increased concentrations of carbon dioxide, 225
 - pharmacodynamic treatment of psychoneuroses by use of carbon dioxide inhalations, 115
- CARDIOSPASM**
- psychosomatic aspects of cardiospasm, 261
- CARDIOVASCULAR DISEASE**
- emotional factors in cardiovascular disease, 260
 - injuries:*
 - electrodiagnosis in injuries of the spinal cord and cauda equina, 142
- CEREBRAL PALSY**
- emotional problems of behavior in the spastic, athetoid and ataxic type of cerebral palsy child, 12
 - needs in the field of psychologic appraisal of children with cerebral palsy, 12
- CEREBROSPINAL FLUID**
- cerebrospinal fluid in 302 cases of intracranial tumor, abscess and subdural hematoma, 43
 - cerebrospinal fluid pressure and its etiological relationship with certain regions affecting the central nervous system, 210
 - correlation between the state of the cerebrospinal fluid and the clinical picture in disseminated sclerosis, 211
 - effects of the composition of the cerebrospinal fluid on the central nervous system, 131
 - studies on the iron content of cerebrospinal fluid in different psychotic conditions, 211
- CHILDREN**
- accidents, childhood's greatest physical threat, are preventable, 103
 - cerebral disorders in infants and children in Djakarta, 222
 - childhood schizophrenia and mental deficiency, 258
 - emotional problems of behavior in the spastic, athetoid and ataxic type of cerebral palsy child, 12
 - inadequacy of present-day concepts of mental deficiency and mental disease in child psychiatry, 257
 - marital adjustments in the parents of allergic children, 100
 - needs in the field of psychologic appraisal of children with cerebral palsy, 12
 - significance of various aspects of drawings by educationally subnormal children, 110
 - study of 62 cases of cerebro-meningeal lesions followed up during early childhood, 220
 - treatment of tetanus in children, 149
 - delinquent—See Delinquency, juvenile.*
- CHORDOTOMY**
- high cervical chordotomy, its value in the surgical treatment of pain, 227
- CHOREA**
- cortisone in Sydenham's chorea, 289
- CHORIORETINITIS**
- technique of sphenopalatine ganglion therapy for chorioretinitis, 147
- CHROMATOGRAPHY**
- some studies of the amino acids in body fluids in patients with various forms of mental disease by paper partition chromatography, 91
- CIRCUMCISION**
- origin and significance of the Jewish rite of circumcision, 266
- CIVIL DEFENSE**
- psychiatric aspects of civil defense, 188
- CLINICS**
- psychiatric:*
 - use of a modified thematic apperception test in a neuropsychiatric clinic in a general hospital, 110
 - psychologic:*
 - analysis of 271 consecutive cases seen by a psychologic service unit in Milwaukee, 187
 - psychological clinic of the University of North Carolina Health Service, 107
- COLITIS**
- ulcerative—See Ulcerative Colitis.*
- CONCUSSION**
- cerebral:*
 - craniocerebral postconcussive personality states, 95
- CONDITIONED REFLEX**
- delayed conditioned reflex in man and brain waves, 52
- CONVULSIONS**
- therapeutic—See Shock Therapy.*
- COPPER**
- on serum copper in patients with schizophrenia, 90
- CORONARY ARTERIES**
- disease:*
 - appraisal of the psychological relationship of coronary disease to peptic ulcer, 104
- CORPORA STRIATA**
- bilateral symmetrical necrosis of the corpora striata, 224
- CORTISONE**
- cortisone in Sydenham's chorea, 289
 - effect of cortisone on certain neuromuscular disorders, 58
- COUNTERTRANSFERENCE**
- method for objective quantification of certain countertransference attitudes, 265
- CRANIAL NERVES—See Sixth Cranial Nerve.**
- CRIME**
- examination of the accused in Massachusetts, 3
- CURARE**
- diagnostic use of curare in myasthenia gravis, 278
- DEAFNESS**
- psychogenic deafness (emotional deaf-

ness), 262

DELINQUENCY
juvenile:
 — study of delinquency, 2
 — psychiatric aspects of juvenile delinquency, 13
sexual:
 — psychopathology of sexual delinquency, 20

DELUSIONS
 — transition of obsessions into delusions, evaluation of obsessional phenomena from the prognostic standpoint, 21

DEMENTIA
 — meningiomas with dementia as the first and presenting feature, 223
senile:
 — problems associated with senile dementia, 98

DEMENTIA PRAECOX
 — what do we know about dementia praecox? 94

DEPRESSIONS
 — comparison of desoxyphedrine (methedrine) and electroshock in the treatment of depression, 26
 — evaluation of electric convulsion therapy as compared with conservative methods of treatment in depressive states, 122

DERMATITIS
atopic:
 — atopic dermatitis, a clinical psychiatric study, 183

DERMATOLOGY
 — application of psychology to dermatology, 183

DESOXYCORTICOSTERONE
 — anticonvulsive properties of desoxycorticosterone, 213

DESOXYPHEDRINE
 — comparison of desoxyphedrine (methedrine) and electroshock in the treatment of depression, 26

DIABETES
 — diabetic neuropathy, 39

DYSKINETIC MOTOR PHENOMENA
 — hepatolenticular degeneration, analysis of dyskinetic phenomena, relation of degree of liver damage to course of the disease, nervous disorders in ordinary disease of the liver, 36

DIAGNOSIS
errors in:
 — on the psychology of some diagnostic errors, 106

DIGITALIS
 — digitalis delirium, 177

DIHYDROERGOTAMINE
 — treatment of attacks of migraine with dihydroergotamine, 147

DILANTIN
 — comparative results in seizure control using phenobarbital, dilantin, and mesantoin, 138

DISSEMINATED SCLEROSIS—See Multiple Sclerosis.

DRAMAMINE
 — dramamine in the prevention and treat-

ment of nausea and vomiting following electroshock therapy, 201

DRAWINGS

— significance of various aspects of drawings by educationally subnormal children, 110

DREAM ANALYSIS

— analysis through dream analysis, 158*

DRUG ADDICTION

— hypoadrenocorticism in alcoholism and drug addiction, 90

ELECTROCARDIOGRAPHY

— electrocardiogram in psychiatric patients (including a report of the electrocardiogram following frontal lobotomy), 203
 — electrocardiographic abnormalities in the mentally ill, is "myocardial damage" sometimes of psychogenic origin? 259

ELECTRODIAGNOSIS

— electrodiagnosis in injuries of the spinal cord and cauda equina, 142

ELECTROENCEPHALOGRAPHY
 — clinical electroencephalography, 143
 — delayed conditioned reflex in man and brain waves, 52
 — electroencephalography in the diagnosis of "nervous crises", 51
 — influence of oxygen lack on brain waves in man, 52

ELECTROSHOCK

in epilepsy:
 — temporal lobe epilepsy, clinical and electroencephalographic study, 62, 140
 — surgery of epilepsy, limitations of the concept of the cortico-electrographic "spike" as an index of the epileptogenic focus, 47

ELECTRONARCOSIS—See Electroshock.

ELECTROSHOCK

— advantages and disadvantages of electroshock therapy from the standpoint of psychodynamic psychotherapy, 153*
 — comparison of decamethonium bromide (C-10) and d-tubocurarine as preventives of traumatic complications in electroshock therapy, 270
 — comparison of desoxyphedrine (methedrine) and electroshock in the treatment of depression, 26
 — contributions to the study of electronarcosis, 205
 — dramamine in the prevention and treatment of nausea and vomiting following electroshock therapy, 201
 — electronarcosis in a general hospital, 271
 — electroshock therapy and multiple sclerosis, 202
 — evaluation of electric convulsion therapy as compared with conservative methods of treatment in depressive states, 122
 — memory studies in electric convulsion therapy, 34
 — memory studies in electric convulsion therapy, the persistence of verbal response patterns, 189
 — nonconvulsive electric stimulation therapy, its place in the treatment of affective disorders, with notes on the

- reciprocal relationship of anxiety and depression, 30
- prognosis and psychological scores in electroconvulsive therapy, psychosurgery, and spontaneous remission, 276
- psychology of electric convulsion therapy, 120
- ELECTROTHERAPY**
 - electrotherapy in experimentally produced lesions of peripheral nerves, 285
- EMOTIONS**—*See also Anger*,
 - life situations, emotions and exercise tolerance, 186
- ENCEPHALOGRAPHY**
 - filling of subarachnoid spaces over the convexity in encephalograms of normal and tumor cases, 145
- ENCEPHALOMYOCARDITIS**
 - encephalomyocarditis acuta—a disease sui generis? 287
- ENCEPHALOPATHY**
 - iron encephalopathy, 136
 - rheumatic encephalopathy, 55
- ENVIRONMENT**
 - influence of the temperament and environment on the intellectual and moral development, 177
- EPILEPSY**
 - cerebral schistosomiasis producing epilepsy in a veteran of the Pacific, 221
 - epilepsy and schizophrenia and the problem of antagonistic diseases, 46, 112
 - insulin, epilepsy and the temporal lobe, 124
 - intellectual and emotional make-up of the epileptic, 282
 - neurotic tendencies in epilepsy, 45
 - pathogenesis of narcoleptic and epileptic seizures occurring during acute emotional stress, 141
 - psychomotor epilepsy as a manifestation of subdural hematoma, 140
 - recent advances in the diagnosis and treatment of epilepsy, 137
 - social aspect of epilepsy, 212
 - surgery of epilepsy, limitations of the concept of the cortico-electrographic "spike" as an index of the epileptogenic focus, 47
 - temporal lobe epilepsy, clinical and electroencephalographic study, 62, 140
 - twelve year resumé in a clinic for epilepsy, 139
- diagnosis:*
 - electroencephalography in the diagnosis of "nervous crises", 51
 - role of hypnosis in differentiation of epileptic from convulsive-like seizures, 44
- treatment:*
 - anticonvulsive properties of desoxycorticosterone, 213
 - comparative results in seizure control using phenobarbital, dilantin and mesantoin, 138
 - medical treatment of epilepsy today, 57
 - mesantoin in epilepsy, 47
 - psychotherapy in the epileptic patient, 44
- EPITHALAMUS**
 - derivatives of thalamus dorsalis and epithalamus in the human brain, their relation to cortical and other centers, 210
- ERGOTAMINE**—*See also Dehydroergotamine*,
 - treatment of migraine and certain resistant headaches with aerosols of ergotamine tartrate and novocain, 147
- ETHER**
 - ether, an examination of its use in the treatment of the psychoneuroses, 194
- EUGENICS**
 - review of psychiatric progress 1950, heredity and eugenics, 99
- EXECUTIVES**
 - psychiatry for executives, an experiment in the use of group analysis to improve relationships in an organization, 27
- EXERCISE**
 - lactic acid response to muscular exercise in neurocirculatory asthenia, 135
 - life situations, emotions and exercise tolerance, 186
- FAMILY**
 - family structure and psychic development, 175
- FASCICULUS SOLITARIUS**
 - organization of the fasciculus solitarius in man, 280
- FATIGUE**
 - neurologic aspects of fatigue, 278
- FEAR**
 - pity as unconscious disguise of terror-like fear, 241*
- FEEBLE-MINDED**
 - effect of glutamic acid on the intellectual activities of feeble-minded children, review of the literature, a report of 36 cases, 101
- GLUCOSE TOLERANCE**
 - metabolic studies in patients with traumatic spinal cord injuries with special reference to glucose tolerance and liver function, 218
- GLIOMA**—*See Oligodendroglioma*.
- GLUTAMIC ACID**
 - effect of glutamic acid on the intellectual activities of feeble-minded children, review of the literature and report of 36 cases, 101
 - glutamic acid and the intelligence quotient, 178
 - occurrence of free γ -aminobutyric acid in brain and its formation from L-glutamic acid, 102
 - significance of glutamic for the metabolism of nervous tissue, 41
- GROUP ANALYSIS**—*See also Group Therapy*,
 - psychiatry for executives, an experiment in the use of group analysis to improve relationships in an organization, 27
- GROUP TESTS**
 - treatment of alcoholism with tetra-

ethylthiuran disulfide, with observations on the effects of group reaction tests and test witnessing, 89

GROUP THERAPY

- group therapy, a short survey and orientation with particular reference to group analysis, 196
- psychoanalysis and group psychotherapy, 18
- reconstructing social perceptions, a group psychotherapy technique, 197
- reflections on group psychotherapy, 246*
- round table psychotherapy, a technique in group psychotherapy, 118
- therapeutic effect of group morale on a psychiatric hospital ward, 170

HALLUCINATIONS

- auditory:*
 - amygdaloidectomy for the suppression of auditory hallucinations, a preliminary report of a theory and its application in one case, 275

HAND-SHOULDER SYNDROME

- reflex sympathetic dystrophy of the upper extremity (hand-shoulder syndrome), 39

HEAD TRACTION

- migraine headache, an analysis of 124 cases treated by head-traction manipulation and thiamine chloride, 146

HEADACHE—See also Migraine.

- headache related to low back pain, 133
- myogenic headache, 131

HEART DISEASE—See also Cardiovascular Disease.

- electrocardiographic abnormalities in the mentally ill: is "myocardial damage" sometimes of psychogenic origin? 259
- hemiplegia in the course of mitral cardiac disease, 208

HEMATOMA

- subdural:*
 - psychomotor epilepsy as a manifestation of subdural hematoma, 140

HEMIANOPSIA

- homonymous hemianopsia in multiple sclerosis, 214

HEMI-HYPERKINESIS

- hemi-hyperkinesia, 134

HEMIPLEGIA

- hemiplegia in the course of mitral cardiac disease, 208
- subarachnoid hemorrhage and hemiplegia, 132

HEPATOLENTICULAR DEGENERATION

- hepatolenticular degeneration, analysis of dyskinetic phenomena, relation of degree of hepatic damage to course of the disease, nervous disorders in ordinary disease of the liver, 36

HEREDITY

- review of psychiatric progress 1950, heredity and eugenics, 99

HERPES ZOSTER

- postherpetic trigeminal neuralgia, 207

HOMEOSTASIS

- central homeostatic mechanism in schizophrenia, 171

HOMOSEXUALITY

- genesis of homosexuality, 22

HOSPITALIZATION

- hospitalization in the treatment of neuroses, 172
- problem of the long-hospitalized patient, 169

HOSPITALS

- The Pennsylvania Hospital, 83*

general:

- psychiatrist in the general hospital, 106

neuropsychiatric:

- medical and surgical services in the neuropsychiatric hospital, 2

psychiatric:

- references, 88
- tuberculosis control in institutions for the mentally ill, 3
- tuberculosis control in mental institutions, 88
- tuberculosis in mental hospitals, 169

teaching:

- administrative aspects of a teaching hospital, 1

HYPERKINETIC DISORDERS

- use of Tolserol (Myanesin) in hyperkinetic disorders (with special reference to postencephalitic parkinsonism), 60

HYPERTENSION

- emotional problems of high blood pressure, 14
- neurogenic hypertension, chemical approaches to its amelioration, 186

HYPERTHYROIDISM

- myasthenia gravis associated with hyperthyroidism, report of a case with thyrectomy, 214

HYPNOSIS

- influence of unconscious factors on hypnotizability, a case report, 176
- role of hypnosis in differentiation of epileptic from convulsive-like seizures, 44
- standing potential correlates of hypnosis and narcosis, 281

HYPOTHALAMUS

- hypothalamus and psychosomatic medicine, 179

ILLITERACY

- neuropsychiatric implications of illiteracy, 171

INFANTS—See Newborn.

INSOMNIA

- psychogenesis and psychotherapy of insomnia, 28

INSULIN SHOCK

- insulin, epilepsy and the temporal lobe, 124
- insulin coma therapy of schizophrenia, some critical remarks on Dr. Sakel's report, 199
- new technical procedure for insulin shock therapy, 28, 123

INTELLIGENCE QUOTIENT

- glutamic acid and the intelligence quotient, 178

INTERVERTEBRAL DISKS

- protrusion of thoracic intervertebral

- disks with compression of the spinal cord, 219
- protrusion of cervical intervertebral disks with lesion of the spinal cord, 218
- INTRACEREBRAL INJECTIONS**
 - in the margin of psycho-surgery, a non-mutilating intracerebral therapy, 274
- IRON**
 - studies on the iron content of cerebrospinal fluid in different psychotic conditions, 211
- JACKSON**
 - Janet and Jackson, 97
- JANET**
 - Janet and Jackson, 97
 - psychotherapy of Janet, 117
- LACTIC ACID**
 - lactic acid response to muscular exercise in neurocirculatory asthenia, 135
- LEAR COMPLEX**
 - concept of adult libido and the Lear complex, 266
- LEUCOTOMY**
 - contribution to the surgical treatment of chronic schizophrenia, 35
 - of what value are psychiatric indications of prefrontal leucotomy? 8
 - pneumoencephalic changes following prefrontal leucotomy, 126
 - psychological changes following prefrontal leucotomy, a review, 204
 - reference, 206
- LIBIDO**
 - concept of adult libido and the Lear complex, 266
- LIVER**
 - diseases:*
 - hepatolenticular degeneration, analysis of dyskinetic phenomena, relation of degree of hepatic damage to course of the disease, nervous disorders in ordinary disease of the liver, 36
 - function:*
 - metabolic studies in patients with traumatic spinal cord injuries with special reference to glucose tolerance and liver function, 218
- LOBOTOMY**
 - clinical and psychological investigation of prefrontal lobotomy in schizophrenia, 202
 - effect of prefrontal lobotomy on temperature regulation in schizophrenic patients, 205
 - electrocardiogram in psychiatric patients (including a report of the electrocardiogram following frontal lobotomy), 203
 - further observations on 62 lobotomized psychotic male veterans at the Veterans Hospital, Northport, N. Y., 273
 - lobotomy and psychopathology, 113
 - preliminary report of sixty-two prefrontal lobotomies on psychotic male veterans at the Veterans Hospital, Northport, Long Island, N. Y., 29
 - problems of social adjustment following lobotomy, 32
 - reflexions on lobotomy, 125
 - rehabilitation of the prefrontal lobotomy patient, 201
 - section of the anterior thalamic radiation in the treatment of intractable pain, 62
 - sexual behavior after lobotomy, 256
 - unilateral:*
 - painful myostatic dystonia, a diagnostic problem treated by psychotherapy and unilateral lobotomy, 38
- LUMBAR PUNCTURE**
 - sixth-nerve palsy after lumbar puncture and spinal analgesia, 208
- LYSIVANE**
 - lysivane and artane in the treatment of parkinsonism, 228
 - lysivane therapy for parkinsonism, 59
- MALFORMATIONS**
 - congenital:*
 - congenital malformations of the central nervous system, 209
- MALONONITRILE**
 - effect of "malononitrile" on physical and mental status of schizophrenic patients, 25
- MANIC DEPRESSIVE PSYCHOSIS**
 - eosinophil response to ACTH in the manic phase of manic depressive psychosis, 24
- MEMORY**
 - memory studies in electric convulsion therapy, the persistence of verbal response patterns, 189
- MENINGIOMA**
 - meningiomas with dementia as the first and presenting feature, 223
- MENINGITIS**
 - meningococcal:*
 - late prognosis in meningococcal meningitis, 144
 - septic:*
 - further experiences in treatment of septic meningitis with bacitracin, 61
 - tuberculosis:*
 - late deaths in tuberculous meningitis treated with streptomycin and their prevention, 143
- MENSTRUATION**
 - psychologic manifestations of the menstrual cycle, 15
- MENTAL DEFICIENCY**—*See also Feeble-Minded.*
 - childhood schizophrenia and mental deficiency, 258
 - glutamic acid and the intelligence quotient, 178
 - inadequacy of present-day concepts of mental deficiency and mental illness in child psychiatry, 257
 - Rh factor, its role in human disease with particular reference to mental deficiency, 63
- MENTAL DISEASE**—*See Psychoses.*
- MENTAL HOSPITALS**—*See Hospitals, psychiatric.*
- MENTAL HYGIENE**
 - references, 18
- MEPHENESIN**—*See Tolseral.*

MESANTOIN

- comparative results in seizure control using phenobarbital, dilantin, and mesantoin, 133
- mesantoin in epilepsy, 47

MESCALINE

- illusions due to mescaline, 9

METHEDRINE—See Desoxyphedrine.

MIGRAINE

- migraine, 203

treatment:

- migraine headache, an analysis of 124 cases treated by head-traction manipulation and thiamine chloride, 146
- new (sublingual) method for controlling the pain of migraine and other headaches (preliminary report), 279
- prevention of migraine attacks by dilantin sodium, 53
- recent advances in treatment of migraine, 291
- treatment of attacks of migraine with dihydroergotamine, 147
- treatment of migraine and certain resistant headaches with aerosols of ergotamine tartrate and novocain, 147

MOTOR FUNCTIONS—See also Dyskinetic Motor Phenomena.

- disintegration of motor function resulting from cerebral lesions, 42

MOVEMENTS

volitional:

- analysis of volitional movements from the psychophysiological point of view, 129

MULTIPLE SCLEROSIS

- accident proneness in multiple sclerosis, relationship to trauma with medicolegal implications, 263
- characteristics of arterial tension in multiple sclerosis, 50
- correlation between the state of the cerebrospinal fluid and the clinical picture in disseminated sclerosis, 211
- electroshock therapy and multiple sclerosis, 202
- emotional stress in relation to attacks of multiple sclerosis, 141
- homonymous hemianopsia in multiple sclerosis, 214
- nailed capillaries in disseminated sclerosis, 214
- rare forms of paroxysmal trigeminal neuralgia and their relation to disseminated sclerosis, 36

etiology:

- critique of theories concerning the etiology of multiple sclerosis, 49
- multiple sclerosis, a correlation of its incidence with dietary fat, 49

MUSCULAR DYSTROPHY

- digestive and biliary manifestations in muscular dystrophy, 214

MYANESIN—See Tolserol.

MYASTHENIA GRAVIS

- diagnostic use of curare in myasthenia gravis, 278
- myasthenia gravis associated with adrenocortical insufficiency, report of a

case with post-mortem findings and a review of the literature, 135

- myasthenia gravis associated with hyperthyroidism, report of a case with thymectomy, 214
- myasthenia gravis of the newborn, 215
- reference, 64

treatment:

- treatment of myasthenia gravis with octamethyl pyrophosphoramide, 289

MYOKYMIA

- clinical and physiological studies in a case of myokymia, 123

MYOSTATIC DYSTONIA

- painful myostatic dystonia, a diagnostic problem treated by psychotherapy and unilateral lobotomy, 38

NARCOLEPSY

- pathogenesis of narcoleptic and epileptic seizures occurring under acute emotional stress, 141

NARCOSIS THERAPY

- metabolic studies in gavage and parenteral feeding during prolonged narcosis therapy, 194

- psychosomatic medicine in U. S. S. R., sleep cure, 195

- standing potential correlates of hypnosis and narcosis, 281

NARCOSYNTHESIS

- narcosynthesis, an invaluable psychiatric technique, 196

NERVE BLOCK—See Sphenopalatine Ganglion Block.

NEURALGIA

- segmental neuralgia, 133

trigeminal—See Trigeminal Neuralgia.

NEUROCIRCULATORY ASTHENIA

- lactic acid response to muscular exercise in neurocirculatory asthenia, 135

NEUROMUSCULAR DISORDERS

- effects of cortisone on certain neuromuscular disorders, 58

NEURONES

- degeneration of the primary and secondary sensory neurones after trigeminal injection, 226

NEUROPATHY

diabetic:

- diabetic neuropathy, 39

in pernicious anemia:

- effect of vitamin B₁₂ on neuropathy in pernicious anaemia treated with folic acid, 59

NEUROSES—See also Anxious Neurosis.

- body build, personality and neurosis in women, 10

- neurotic tendencies in epilepsy, 45

treatment:

- hospitalization in the treatment of neuroses, 172

war—See also Veterans.

- problems of war neuroses in the light of experiences in other countries, 6

NEWBORN

- myasthenia gravis of the newborn, 215

NOVOCAIN

- treatment of migraine and certain resistant headaches with aerosols of

- ergotamine tartrate and novocain, 147
- OBESSITY**
- emotional aspects of obesity, 180
 - obese character, psychodynamics and psychotherapy as an adjunct to medical care, 290
- OBSSESSIONS**
- transition of obsessions into delusions, evaluation of obsessional phenomena from the prognostic standpoint, 21
- OCTAMETHYL PYROPHOSPHORAMIDE**
- treatment of myasthenia gravis with octamethyl pyrophosphoramide, 239
- OEDIPUS COMPLEX**
- some data bearing on the Oedipus hypothesis, 19
- OLD AGE**—*See also Dementia, senile.*
- manifestations of psychoneuroses occurring in later life, 97
 - psychiatric factors in the rehabilitation of the aging, 9
 - studies of psychopathology in later maturity, a review, 10
- OLIGODENDROGLIOMA**
- oligodendrogliomas, a review of two hundred cases, 55
- OPTIC CHIASM**
- post-traumatic chiasm syndrome with intracranial pneumatocele, 207
- OSTEOARTHRITIS**
- personality factors in osteoarthritis, 104
- OXYGEN**
- influence of oxygen lack on brain waves in man, 52
 - preliminary observations on the effect of various concentrations of oxygen on the *in vitro* growth of spinal cord from embryonic chicks, 61
- PAIN**
- high cervical chordotomy, its value in the surgical treatment of pain, 227
 - pain below the level of injury of the spinal cord, 217
 - section of the anterior thalamic radiation in the treatment of intractable pain, 62
- PARADIONE**
- tridione and paradione sensitivity, 140
- PARALYSIS**
- spastic:*
- spastic spinal paralysis responding to potassium therapy, report of a case, 148
- tick:*
- tick paralysis implicating Amblyoma maculatum, 144
- PARALYSIS AGITANS**—*See Parkinsonism.*
- PARANOIA**—*See also Schizophrenia, paranoid.*
- factor omnipotence in the development of paranoid reactions, 191
- PARAPLEGICS**
- motivations in the rehabilitation of paraplegics, 149
 - physiologic observations on spinal cord function in paraplegics, 234
- PARENTS**
- marital adjustments in the parents of allergic children, 100
- PARKINSONISM**
- cerebral circulation in postencephalitic paralysis agitans, 136
 - influence of Benadryl upon electromyographic recordings in Parkinsonism, 279
- treatment:*
- lysivane and artane in the treatment of parkinsonism, 228
 - lysivane therapy for parkinsonism, 59
 - neuro-surgical treatment of Parkinson's disease by interrupting the ansa lenticularis, 228
 - use of Tolserol (Myanesin) in hyperkinetic disorders (with special reference to postencephalitic parkinsonism), 60
- PENNSYLVANIA HOSPITAL**
- the Pennsylvania Hospital, 83*
- PENTOTHAL**—*See Thiopental U. S. P.*
- PEPTIC ULCER**
- appraisal of the psychological relationship of coronary disease to peptic ulcer, 104
- PERIPHERAL NERVES**
- experimental study of the effects of ultrasonic energy on the lower part of the spinal cord and peripheral nerves, 127
- injuries:*
- electrotherapy in experimentally produced lesions of peripheral nerves, 285
 - rehabilitation of peripheral nerve injuries, 284
- PERSONALITY**
- body build, personality and neurosis in women, 10
 - personality attitude and physical make-up, 99
 - personality factors in osteoarthritis, 104
- psychopathic:*
- investigation of autonomic responses in psychopathic personalities, 8
- PERSONALITY CHANGES**
- report on character changes of organic origin, 277
- PERSONALITY TESTS**
- objective evaluation of personality tests, 267
- PHENOBARBITAL**
- comparative results in seizure control using phenobarbital, dilantin, and mesantoin, 138
- PINEAL BODY**
- treatment of tumors of the pineal body, 53
- PITY**
- pity as unconscious disguise of terror-like fear, 241*
- PNEUMATOCELE**
- post-traumatic chiasm syndrome with intracranial pneumatocele, 207
- PNEUMOENCEPHALOGRAPHY**
- pneumocephalic changes following prefrontal leukotomy, 126
- POLIOMYELITIS**
- electrophoretic studies of plasma and serum proteins in anterior polio-

myelitis, 287

- studies on increased vasomotor tone in the lower extremities following anterior poliomyelitis, 288

bulbar:

- bulbo-respiratory poliomyelitis, problems of diagnosis and treatment, 145

POLYCYTHEMIA VERA

- polycythemia vera and the nervous system, 206

POSTOPERATIVE REACTIONS

- role of denial in acute postoperative effective reactions following removal of body parts, 115

POTASSIUM

- spastic spinal paralysis responding to potassium therapy, report of a case, 143

PRAGNANZ

- principle of *Pragnanz* as a frame of reference for psychotherapy, 117

PREGNANCY

- gestation psychoses, 254
- psychiatry in prenatal care and the problem of abortion, 262

PSYCHIATRIC CLINICS—*See Clinics, psychiatric.*

PSYCHIATRIC HOSPITALS—*See Hospitals, psychiatric.*

PSYCHIATRISTS

- psychiatrist in the general hospital, 106
- role of the psychiatrist in the rehabilitation of the disabled veteran, 16

PSYCHIATRY

- psychiatric teamwork—in integrated therapy, 256
- review of psychiatric progress 1950, heredity and eugenics, 99
- survey of Italian psychiatry, 1949, 17

clinical:

- references, 97

PSYCHOANALYSIS

- psychoanalysis and group psychotherapy, 18
- references, 20
- unsatisfactory results of psychoanalytic therapy, 19

PSYCHOLOGIC CLINICS—*See Clinics, psychological.*

PSYCHOLOGY—*See also Clinics, psychological.*

- influence of the temperament and environment on the intellectual and moral development, 177
- reference, 111

PSYCHONEUROSES

- manifestations of psychoneuroses, occurring in later life, 97
- study of neuropsychiatric rejectees, 170

treatment:

- ether, an estimation of its use in the treatment of the psychoneuroses, 194
- pharmaco-dynamic treatment of psychoneuroses by use of carbon dioxide inhalations, 115

PSYCHOPATHOLOGY

- references, 22

PSYCHOSES—*See also Manic Depressive Psychosis, Schizophrenia.*

- cytologic changes in cells of thalamic nuclei in senile, paranoid and manic psychoses, 54
- electrocardiographic abnormalities in the mentally ill: is "myocardial damage" sometimes of psychogenic origin? 259
- five years of private psychiatry, 249*
- patterns of aggression in psychopathology, 111
- psychophysiological relationship of asthma and urticaria to mental illness, 184
- some studies of the amino acids in body fluid in patients with various forms of mental disease by paper partition chromatography, 91
- studies on the iron content of cerebrospinal fluid in different psychotic conditions, 211
- thyroid function in mental disease, a multiple test survey, 92

in pregnancy:

- gestation psychoses, 254

treatment:

- acidosis and its therapeutic value in the treatment of psychotics, a preliminary report, 116
- lobotomy and psychopathology, 113
- objective evaluation of therapeutic procedures in mental diseases, 192

PSYCHOSOMATIC MEDICINE

- application of psychology to dermatology, 183
- atopic dermatitis, a clinical psychiatric study, 183
- conditioning of respiration and its psychosomatic implications, 105
- emotional aspects of obesity, 180
- emotional factors in cardiovascular disease, 260
- "meaning" of symptoms, a case report, 173
- mood, anger and somatic dysfunction, 179
- obese character, psychodynamics and psychotherapy as an adjunct to medical management, 290
- psychogenic deafness (emotional deafness), 262
- psychosomatic aspects of cardiospasm, 261
- psychosomatic illness, 107
- psychosomatic medicine in U. S. S. R., sleep cure, 195
- psychosomatic study of ulcerative colitis, 182
- psychosomatic theory of thyrotoxicosis, 185
- references, 16
- symptom specificity and bodily reactions during psychiatric interview, 171

PSYCHOSURGERY—*See also Leucotomy; Lobotomy.*

- prognoses and psychological scores in electroconvulsive therapy, psychosurgery and spontaneous remission, 276

PSYCHOTHERAPY

- brief shock therapy, an adjuvant to

- psychotherapy, 30
- factors in psychotherapeutic success, 193
- painful myostatic dystonia, a diagnostic problem treated by psychotherapy and unilateral lobotomy, 38
- post-graduate instruction in psychotherapy in the university, 23
- principle of *Pragnanz* as a frame of reference for psychotherapy, 117
- psychotherapy in the epileptic patient, 45
- psychotherapy of Janet, 117
- reinforcement therapy, a re-evaluation of "insight" in psychotherapy, 198
- round table psychotherapy, a technique in group psychotherapy, 118
- references, 24, 28
- supervision of the psychotherapeutic process, 263
- group—*See Group Therapy.*
- RADIOACTIVE PHOSPHATE**
 - isolation from the blood of chronic schizophrenic patients of compounds active in radioactive phosphate turnover, 91
- REFLEX**
 - conditioned—*See Conditioned Reflex.*
- REHABILITATION**
 - motivations in the rehabilitation of paraplegics, 149
 - rehabilitation of the prefrontal lobotomy patient, 201
- REINFORCEMENT THERAPY**
 - reinforcement therapy, a re-evaluation of "insight" in psychotherapy, 198
- REITMAN'S PIN-MAN TEST**
 - Reitman's pin-man test, a means of disclosing impaired conceptual thinking, 190
- RESPIRATION**
 - conditioning of respiration and its psychosomatic implications, 105
- RH FACTOR**
 - Rh factor, its role in human disease with particular reference to mental deficiency, 63
- RHEUMATIC FEVER**
 - rheumatic encephalopathy, 55
- RORSCHACH TEST**
 - note on the "father" and "mother" cards in the Rorschach inkblots, 190
- ROUND TABLE PSYCHOTHERAPY**—*See Group Therapy.*
- RUSSIA**
 - psychosomatic medicine in U. S. S. R., sleep cure, 195
- SCHISTOSOMIASIS**
 - cerebral schistosomiasis producing epilepsy in a veteran of the Pacific, 221
- SCHIZOPHRENIA**
 - central homeostatic mechanism in schizophrenia, 171
 - childhood schizophrenia and mental deficiency, 258
 - epilepsy and schizophrenia and the problem of antagonistic diseases, 46, 112
 - isolation from the blood of chronic schizophrenic patients of compounds active in radioactive phosphate turnover, 91
 - on serum copper in patients with schizophrenia, 90
 - studies in schizophrenia, 176
 - temperature regulation in schizophrenia, 93
 - paranoid:*
 - aspects of thematic apperception testing, paranoid schizophrenia, 108
 - prognosis:*
 - constitutional factors in the prognosis of schizophrenia, 11
 - treatment:*
 - clinical and psychological investigation of prefrontal lobotomy in chronic schizophrenia, 202
 - comparison of insulin coma therapy and electronarcosis in schizophrenia, 125
 - contribution to the surgical treatment of chronic schizophrenia, 34
 - effect of "malononitrile" on physical and mental status of schizophrenic patients, 25
 - effect of prefrontal lobotomy on temperature regulation in schizophrenic patients, 205
 - insulin coma treatment of schizophrenia compared with electric coma treatment of patients on sub-shock insulin, 33
 - insulin coma therapy of schizophrenia, some critical remarks on Dr. Sakel's report, 199
 - treatment of schizophrenia, a comparison of three methods, brief psychotherapy, insulin shock and electric shock, 208
 - value of convulsive therapy in juvenile schizophrenia, 124
- SCLEROSIS**
 - disseminated—*See Multiple Sclerosis.*
 - multiple—*See Multiple Sclerosis.*
- SELF-ESTEEM**
 - inductive method of analyzing defense of self-esteem, 96
- SENTINELS**
 - sentinels asleep on post, 37
- SEX**
 - sexual behavior after lobotomy, 256
- SEX OFFENDERS**—*See also Delinquency, sexual.*
 - study of 102 sex offenders at Sing Sing, 86
- SHOCK THERAPY**—*See also Electroshock; Insulin Shock.*
 - brief shock therapy, an adjuvant to psychotherapy, 30
 - comparison of insulin coma therapy and electronarcosis in schizophrenia, 125
 - further observations on the use of combined photic and chemically induced cortical dysrhythmia in psychiatry, 200
 - insulin coma treatment of schizophrenia compared with electric coma treatment of patients on sub-shock insulin, 33
 - problem of the therapeutic convulsion, 31
 - shock treatments in psychiatry, 272
 - treatment of schizophrenia, a comparison of three methods, brief psychotherapy,

- insulin coma and electric shock, 263
- value of convulsive therapy in juvenile schizophrenia, 124
- references, 35
- SIXTH CRANIAL NERVE**
 - sixth-nerve palsy after lumbar puncture and spinal analgesia, 208
- SLEEP CURE**—*See Narco-sis Therapy.*
- SPEECH DISORDERS**
 - on speech impulse and language frustration, 113
- SPHENOPALATINE GANGLION BLOCK**
 - technique of sphenopalatine ganglion therapy for chorioretinitis, 147
- SPINAL ANESTHESIA**
 - sixth-nerve paralysis after lumbar puncture and spinal analgesia, 208
- SPINAL CORD**
 - experimental study of the effects of ultrasonic energy on the lower part of the spinal cord and peripheral nerves, 127
 - physiologic observations on spinal cord function in paraplegics, 234
 - preliminary observation on the effect of various concentrations of oxygen on the *in vitro* growth of spinal cord from embryonic chicks, 61
 - spontaneous electrical activity of the spinal cord, 219
 - injuries:*
 - defects in regulatory mechanisms of autonomic function in injuries to spinal cord, 285
 - electrodiagnosis in injuries of the spinal cord and cauda equina, 142
 - metabolic studies in patients with traumatic spinal cord injuries with special reference to glucose tolerance and liver function, 218
 - pain below the level of injury of the spinal cord, 217
 - protrusion of cervical intervertebral disks with lesion of the spinal cord, 213
 - protrusion of thoracic intervertebral disks with compression of the spinal cord, 219
 - psychiatric aspects of cord injury, 50
 - tumors:*
 - spinal cord tumors with minimal neurologic findings, 216
- SPINE**—*See also Intervertebral Disks.*
 - anatomical study of the human spinal column with emphasis on degenerative changes in the cervical region, 41
- STEREOENCEPHALOTOMY**
 - principles and practice of stereoencephalotomy, 57
- STREPTOMYCIN**
 - late deaths in tuberculous meningitis treated with streptomycin and their prevention, 143
- SUICIDE**
 - suicide, 7
- SYMPATHETIC NERVOUS SYSTEM**
 - hormones of the sympathetic nervous system and the adrenal medulla, 130
- SYMPTOMS**
 - “meaning” of symptoms, a case report, 173
 - symptom specificity and bodily reactions during psychiatric interview, 174
- TABES DORSALIS**
 - tabes and amyotrophic lateral sclerosis, 227
- TEMPORAL LOBE**
 - insulin, epilepsy and the temporal lobe, 124
- TESTS**
 - psychosomatic test for practical use, 14
- TETANUS**
 - treatment:*
 - treatment of tetanus in children, 119
- TETRAETHYLTHIURAN DISULFIDE**—*See also Antabuse.*
 - treatment of alcoholism with tetraethylthiuran disulfide, with observations on the effects of group reaction tests and of test witnessing, 89
- THALAMIC NUCLEI**
 - cytologic changes in cells of thalamic nuclei in senile, paranoid and manic psychoses, 54
- THALAMUS DORSALIS**
 - derivatives of thalamus dorsalis and epithalamus in the human brain, their relation to cortical and other centers, 210
- THEMATIC APPERCEPTION TEST**
 - aspects of thematic apperception testing, paranoid schizophrenia, 108
 - use of a modified thematic apperception test in a neuropsychiatric clinic in a general hospital, 110
- THIAMINE CHLORIDE**
 - migraine headache, an analysis of 124 cases treated by head-traction manipulation and thiamine chloride, 146
- THYMECTOMY**
 - myasthenia gravis associated with hyperthyroidism, report of a case with thymectomy, 214
- THIOPENTAL U.S.P.**
 - thiopental U.S.P. (pentothal) treatment of alcoholism, 4
- THYROID**—*See also Hyperthyroidism; Thyrotoxicosis.*
 - influence of the thyroid on cerebral metabolism, 209
 - thyroid function in mental disease, a multiple test survey, 92
- THYROTOXICOSIS**
 - psychosomatic theory of thyrotoxicosis, 185
- TICK PARALYSIS**
 - tick paralysis, implicating Amblyoma maculatum, 144
- TOLSEROL**
 - use of Tolserol (Myanesin) in hyperkinetic disorders (with special reference to postencephalitic parkinsonism), 60
- TRIDIONE**
 - pancytopenia due to tridione, 213
 - tridione and paraneoplastic sensitivity, 140
- TRIGEMINAL NEURALGIA**
 - degeneration of the primary and second-

- dary sensory neurones after trigeminal injection, 226
- postherpetic trigeminal neuralgia, 207
 - rare forms of paroxysmal trigeminal neuralgia and their relation to disseminated sclerosis, 36
- TUBERCULOSIS**
- tuberculosis control in institutions for the mentally ill, 3
 - tuberculosis in mental hospitals, 169
 - tuberculosis control in mental institutions, 88
- TUBOCURARINE**
- comparison of decamethium bromide (C 10) and d-tubocurarine as preventives of traumatic complications in electroshock therapy, 270
- ULCERATIVE COLITIS**
- psychosomatic study of ulcerative colitis, 182
- ULTRASONIC ENERGY**
- experimental study of the effects of ultrasonic energy on the lower part of the spinal cord and peripheral nerves, 127
- URTICARIA**
- psychophysiologic relationship of asthma and urticaria to mental illness, 184
- VASOMOTOR TONE**
- studies on increased vasomotor tone in the lower extremities following anterior poliomyelitis, 288
- VETERANS**
- further observations on 62 lobotomized psychotic male veterans at the Veterans Hospital, Northport, N. Y., 273
 - preliminary report of sixty-two prefrontal lobotomies on psychotic male veterans at the Veterans Hospital, Northport, Long Island, N. Y., 29
 - role of the psychiatrist in the rehabilitation of the disabled veteran, 16
- VIBRATORY SENSE**
- vibratory sense, a nonspecific sensory modality, 137
- VITAMIN B₁₂**
- effect of vitamin B₁₂ on neuropathy in pernicious anemia treated with folic acid, 59
- WAR NEUROSES**—See *Neuroses, war; Veterans.*
- WECHSLER TEST**
- Wechsler test in clinical practice, comparison of psychiatric and psychosomatic disorders with a control population, 109
- WOMEN**
- body build, personality and neurosis in women, 10
